Kozhikode, Kerala

COURSE CERTIFICATIONS

- AWS Academy Graduate – Cloud Foundations, Cloud Security Foundations
- Oracle Academy – Oracle Cloud Infrastructure Foundations
- Udemy – Python: Big data Analytics and Data Science, Cloud Security Fundamentals: Protect Data, Apps and Infrastructure
- Coursera – Blockchain: Foundations and Use Cases, Blockchain and Cryptocurrency

PROJECTS

- Developed and deployed an 'AI Chatbot for Medical Purposes: Symptoms Checking and Disease Detection'
- Deployed an end-to-end cloud-hosted web application on AWS leveraging EC2, RDS, S3, Route53, Ubuntu servers.
- Developed a local Django web application for real-time produce freshness detection using a fine-tuned VGG16 transfer learning model, achieving a 94.62% classification accuracy across fruit and vegetable categories.
- Developed a GPU-accelerated spatial awareness assistant for visually impaired users by fusing a dual-YOLOv8 object detector with Intel MiDaS monocular depth estimation to deliver low-latency, non-blocking vocal distance warnings.

SKILLS

Programming Languages:

Python C++ JavaScript

Web Technologies:

HTML JavaScript CSS

Database:

SQL MySQL

Tools:

VS Code AWS

EDUCATION

Bachelor of Technology, Information Technology

Manipal University Jaipur

📅 2022 - 2026 📍 Rajasthan

Class XII (88%)

Bharatiya Vidya Bhavan, Chevayur

📅 2019 - 2021 📍 Calicut

Class X (89%)

Bharatiya Vidya Bhavan, Chevayur

📅 2017 - 2019 📍 Calicut
